Message from the President

Hello, AAHB Members! I hope everyone is happily concluding the spring semester and looking forward to a relaxing and rejuvenating summer months. It is hard to believe that the 17th Annual Meeting of the Academy is already more than 2 months behind us, and I am excitedly working with the rest of the Conference Planning Committee to get involved and contribute to the leadership of this great organization! What a successful meeting we had in Tucson! I am encouraged by the forward progress we have already made on a number of fronts and look forward to seeing you next year!

Professional Updates

Dr. Rodney G. Bowden named Dean at Baylor University

Dr. Eric Buhi, Associate Professor at the San Diego State University Graduate School of Public Health, is working with ETR to implement and test an innovative healthy relationships index and the likelihood of developing a substance use disorder later in life.

Dr. Kenneth McLeroy Retires

The Board will continue these discussions over the next few months as we seek to honor the Academy’s history while guiding, nurturing, and supporting mentees in research and scholarship.

Dr. Ken C. Brewer Receives the 2018 Career Mentorship Award

The seven mentor-mentee pairs who participated in the 2016 Research Scholars Mentorship Program collaborated to generate 28 submitted manuscripts, 7 submitted grant applications, four Phase 3/4 clinical trials, and 10 small to medium-sized grant awards. The seven mentee-research scholars mentorship pairs are highly productive.

Research Scholars Mentorship-Program Pairs are Highly Productive

The seven mentee-research scholars mentorship pairs are highly productive. The number of submitted manuscripts, grant applications, and clinical trials is significantly higher than the number of manuscripts, grant applications, and clinical trials submitted by the 2015 Research Scholars Mentorship Program.

New Publication Highlights Long-Term Impact of an Adolescent Tobacco-Prevention Program

Dr. Eric Buhi, Associate Professor at the San Diego State University Graduate School of Public Health, is working with ETR to implement and test an innovative healthy relationships index and the likelihood of developing a substance use disorder later in life.
